Gould & Ratner is pleased to announce that MSI Global Alliance (MSI), one of the world's leading international associations of independent legal and accounting firms, has appointed the firm as its law member in Colorado, represented through Gould & Ratner's Denver office. The firm also continues to serve as MSI's law member in Illinois through its Chicago office.

"We are honored that MSI has chosen to expand our relationship by naming Gould & Ratner as its member law firm in Colorado," said Gould & Ratner Chief Operating Officer Ken Koehn. "This is a testament to the strong collaboration we've built within the MSI network and underscores the growth and capabilities of our Denver team. We look forward to serving as a trusted resource for fellow member firms and their clients throughout the region."

Following the departure of MSI's previous, long-standing Denver member firm, MSI invited Gould & Ratner to extend its membership to encompass the firm's growing Colorado practice.

"When Gould & Ratner joined MSI as our Chicago member last year, they immediately understood what the alliance could do for their clients," said Susan Greene, Director of Member Relations for the Americas at MSI. "They have already worked with many of our member firms on domestic and global client matters and really made use of the relationships they have built in a very short time. It makes perfect sense to extend that to Colorado, especially given how much their practice is growing in Denver."

For Gould & Ratner, this appointment marks another step in its deepening relationship with MSI, which has become an invaluable resource for the firm and its clients. Earlier this year, the Chicago office hosted MSI Americas member firms for the MSI Americas Legal Roundtable, bringing together member firms from across the region for a day of knowledge sharing and connection.

"We're proud to be part of such a collaborative network and grateful for the opportunity to represent the organization in Colorado," said Chris McCall, Partner-in-Charge of Gould & Ratner's Denver office. "We look forward to engaging with MSI member firms throughout the western part of the United States and beyond."

MSI is one of the world's leading international associations of independent legal and accounting firms with over 250 member firms in more than 100 countries. It was formed in 1990 in response to the growing need for cross-border co-operation between professional services firms. To learn more about the organization, visit www.msiglobal.org.
